## CONFIDENTIAL MEMORANDUM

You are currently employed as a Software Engineer 1 by U.S. Bank. As a hub employee you are generally expected to work onsite three or more days per week. As a Software Engineer 1, your job duties include, but are not limited to, those listed in the included job description.

You recently indicated that you have a medical condition that may be affecting your ability to perform your job and you have requested a workplace accommodation. To identify possible workplace modifications that will allow you to perform the essential functions of your job, we require additional information from your health care provider.

We will use this information to substantiate your need for a reasonable accommodation and to evaluate what reasonable accommodations, if any, U.S. Bank could provide to you to accommodate your disability and help you fulfill the essential functions of your job. Please note, this evaluation is separate from how your medical condition may impact activities outside of work, like driving, commuting to/from work, etc.

Please ask your health care provider to respond to the questions below. **NOTE: We are not requesting and ask that your health care provider not provide us any specific diagnostic information or genetic information regarding your medical condition. We are only requesting enough information to understand your work limitations, the duration of those limitations, and to support the accommodation(s) you are requesting. Any provided information will be kept confidential.**

Please return to me by **April 28, 2026.**
